

BRING A FRIEND

AND WIN \$500.00 & SEASON TICKETS FOR 2009!

HERE'S HOW!

Call all of your friends and family and invite them to the festivals for 2008. Beginning April 17, 2008, all of your guests who come with you who have never been to the festivals held at Laurel Lakes Family Campground & Music Park will qualify you for a chance to win \$500.00 next December 31, 2008 and season tickets for 2009. Rules of the competition:

- "The word "Host" means the person who has attended festivals at Laurel Lakes in the past and has brought a friend who is attending the festival for the first. The word "guest" refers to anyone who has never been before. For the entire year of 2008, a first time guest at a festival will be considered a first time guest for the year. In 2009, a "guest" is eligible to become a "host".
- All guest participants must sign in after the host has registered. Once the host has registered, all guests who signs in, will register under your host name. Registration will be held at the souvenir tent during the festival.
- No one is eligible to register as a "guest" if he/she has attended any of the events held at the campground prior to April 17, 2008. Those persons would be "hosts" for their guests.
- Guests must register each day they attend, i.e. guest cannot pre-register for two days on April 17. They must register April 17 and again April 18 or April 19. Each day they register counts as a guest for the host. Guests may register only once in the same day.
- Guests who attend more than one festival are eligible to register each day for each festival under the same hosts.
- The winner is determined by the number of guests the host brought to the festival.
- A minimum of ten guests are required throughout the three festivals during the year to qualify a host for a chance to win.
- A "guest" may bring a "guest" with them and that person also registers under the original host name, (as a pyramid), as their guest.
- In the event more than one person has the same amount of new guests registered on December 31, 2008, all names eligible will be placed in a hat and a name will be drawn.
- No guest may register for someone else, and no host may register a guest without the guest present.
- Children who have not purchased a ticket will not be eligible to register as a "guest"
- Each guest may become their own host in 2009.

Let all your friends know and bring them to the shows. If they only attend one day, they count toward your total, so let them know you want to win. If each person who comes on a regular basis brings two new people per day, we will have a successful year and you will be a part of it. Thank you for all your support in making 2008 the year of success. Nancy
